ABIGAIL'S STORY

ABIGAIL ELIZABETH KELLER is the inspiration and heart behind the Abigail E. Keller Foundation. She was a medically complex child that overcame many health obstacles throughout her 11 ½ years including: deaf/blind, epilepsy, immunodeficiency, developmental delays, brittle bones, various blood disorders, liver failure, feeding intolerance and kidney stones. In her life, Abbey saw over 18 specialists in Houston and Austin.

Though she spent much of her life in hospitals, Abbey's smile, laugh, and playful spirit brought joy to all who interacted with her. Since her first birthday, Abbey's family has raised money in lieu of gifts for Dell Children's Medical Center and the Dell Children's Comprehensive Care Clinic (CCC). The CCC was created to manage the care of medically complex children like Abbey. The family then began to also raise money for the Make-A-Wish Foundation.

The **ABIGAIL E. KELLER FOUNDATION** was started in 2019 to honor and continue this spirit in loving memory of Abbey, and to provide the same support and joy to families in need.

OUR VISION: ABBEY HOUSE

The Abigail E. Keller Foundation is spearheading the design and development of Abbey House, Texas's first non-hospital pediatric respite and hospice home. The first-of-its kind facility where families feel safe leaving their medically fragile children in the full-time care of compassionate caregivers. This facility would serve not only as a safe space staffed with trained professionals, but also as a tranquil and peaceful place to take their children to spend their last days in a private, comfortable setting outside of the home or hospital. Such a space is vital to families, especially those with other children at home, and there is currently nothing like this available in Texas for families needing respite care and/or end of life services. Our fundraising efforts and supporting sponsors all contribute to the noble cause of creating a facility in Texas.

IT ALL COMES DOWN TO PROVIDING A PREVIOUSLY INACCESSIBLE SERVICE AT THE MOMENTS THAT MATTER THE MOST. WE STRIVE TO PROVIDE THE SUPPORT AND CARE FAMILIES NEED TO ENABLE THEM TO **CHERISH EVERY MOMENT.**
